**Particulate Respirator**

**Makrite® 910-N95**

**SERVICE TIME LIMITATION**

1. Do not reuse the same respirator for more than 8 hours, continuous or intermittent, in dirty workplaces that could result in high filter loading.
2. Leave contaminated areas and remove respirator if breathing becomes difficult or proper fit cannot be obtained or the respirator is damaged, soiled, or distorted. Do not use the same respirator again once removed.
3. The maximum service time of this respirator is five (5) consecutive calendar days (including days of non-use). If a mask is used during this period, capture time may apply.

**Fitting Instructions:**

1. **Step 1**
   - Hold respirator in your hand as shown, with the nosepiece at your fingertips and the headbands hanging freely below your hand.

2. **Step 2**
   - Place respirator under your chin with the nosepiece up. Pull the top headband to top back of head.

3. **Step 3**
   - Pull the bottom headband overhead and place around neck below ears.

4. **Step 4**
   - Adjust headbands for comfortable fit. Push the nosepiece inward with your fingertips to conform to the shape of your nose.

**LIMITED WARRANTY**

**IMPORTANT NOTICE TO PURCHASER:**

This limited warranty is made in lieu of all warranties, express or implied. We make no other warranty or representation beyond the description on the face hereof. The physical standards and specifications of Makrite will be met by products sold. Exclusive remedies: damages for the breach of this limited warranty are limited to replacement of such quantity of Makrite products and services as is the minimum amount necessary to satisfy the warranty. Limitation of Liability: No liability, express or implied, as to the ability to use products by the user.

**WARNINGS:**

1. Wearer must read fitting instructions and use limitations before use.
2. This respirator does not protect against the risk of contracting disease or infection.
3. Individually sensitive to natural rubber latex may have an allergic reaction.
4. Before use, the wearer must be trained in the proper use in accordance with applicable safety and health standards for the contaminant and exposure level in the work area.

**Caution:**

The respirator should be fit checked for each wearing. Place both hands completely over the respirator and exhale. If an area around nose or the edges, adjust the nosepiece and/or headbands until a comfortable fit is achieved.
